Dear Kathy Cutchall:

Thank you for your submission for the 2014-2015 Pre-K Counts Expansion funding opportunity. The Office of Child Development and Early Learning (OCDEL) regrets to inform you that your grant application for Pre-K Counts is not currently being considered for funding. We have \$10 million available to expand the program and had outstanding interest from providers, with over \$30 million requested through applications.

As OCDEL continues to expand high-quality early learning opportunities, we hope that you will consider applying again in the future; we would welcome the opportunity to work with you.

We appreciate your interest in providing programs that improve outcomes for children and families.

Sincerely,

A handwritten signature in cursive script that reads "Barbara G. Minzenberg, Ph.D.".
