FOR IMMEDIATE RELEASE

**FULTON COUNTY MEDICAL CENTER AND ITS COMMUNITY PARTNERS ARE
CONDUCTING COMMUNITY SURVEY AS PART OF OVERALL COMMUNITY
HEALTH NEEDS ASSESSMENT!**

On June 16, 2015, as part of their commitment to creating a healthier community, Fulton County Medical Center and its community partners are launching a community survey to identify community health needs and priorities. Fulton, Bedford, Blair, Franklin and Huntingdon County residents will be able to participate in this assessment via the following survey link:

www.getstrategy.com/fultoncountyhealthsurvey/

The survey is part of an overall comprehensive Community Health Needs Assessment (CHNA) process that is being conducted by Fulton County Medical Center, with consulting assistance from Strategy Solutions, Inc. All residents of Fulton, Bedford, Blair, Franklin and Huntingdon Counties are encouraged to complete the survey by July 20, 2015, which should take respondents no more than 10-15 minutes to complete. In addition to the community survey, the CHNA process includes a review of over 140 health status indicators, individual interviews with selected community leaders, a compilation of available community health resources and a prioritization and action planning process.

As a thank you for participating, five participants will be selected to win one of the following: (1) \$500 Visa Gift Card; or (4) \$25 Sheetz Gas Cards.
